 Please look at this individual's tweets. Aside from threatening others, including small children, she has threatened to harm herself. This NEEDS to be taken seriously. This woman has a documented history of mental instability. We are concerned for her and others' safety!

She tweeted something last night about wanting to kill herself. Did you see that? I think we should all report her. Hopefully twitter will call police and do a wellness check or a 5150. I will sue her and file a police report but I don't want anyone committing suicide. Scary.

house, plant drugs and drop dimes and on their children go to foster care where they will be drugged on psych drugs and sexually abused. That's if they don't smoke pot recreationally? If they do and her husband looks like he does, the private dix will drop dimes with child services and prove it in court legally along with pictures of him doing the drugs and if she does too, then her too, photos and videos of both of these people doing drugs and a history of doing drugs long term, not one video or one photo.

That's not illegal, you're suppose to report parents who are doing drugs to child services, they are putting their children at risk and there
